VOLUME 108—NUMBER 11

## GERMANY WINS PLEBISCITE FOR UPPER SILESIA

Overwhelming Majorities  
Are Returned In Elec-  
tion Reports Show.

More Than Two to One Fav-  
or German Control of  
Disputed Territory.

Paris, March 21.—Reports received here from German sources declare that in the plebiscite held yesterday in Upper Silesia, the Germans carried the cities and towns of Beuthen, Oppeln, Gliwicz, Tarnowitz, Kreuzberg, Kattowitz, Gross Strehlitz, Rosenberg, Kosel and Koenigschuetz by overwhelming majorities.

Berne, Switzerland, March 21.—Some districts of Upper Silesia where there was a preponderance of Poles voted in favor of Germany in the plebiscite held yesterday, it is reported here.

Berlin, March 21.—Germany won an overwhelming victory in the plebiscite held in Upper Silesia yesterday to determine the future national status of that region, according to officials' returns received here. Two districts were still missing at 9 o'clock this morning but the count showed 876,000 votes had been cast for Germany and 389,000 for Poland.

Reports from Breslau state that the plebiscite was generally without untoward incidents. Provisional returns published in newspapers here show that in Oppeln, Germany received 20,000 votes to 10,000 for Poland. In Tarnowitz the Germans cast 85 per cent of the ballots and in the town of Beuthen they cast 78 per cent. In the Beuthen country districts, the vote as published, stood Germany 59,222, Poland 62,040.

In Koenigschuetz the Germans received 32,000 and the Poles 10,851 and Kattowitz town and country districts give the Germans 72,832 and the Poles 66,187. The town of Kattowitz voting Germany by 93 per cent. In Hindenburg, the Germans cast 36,676 votes to 31,623 by the Poles, while in Kreuzberg, the German vote was 33,950 to 1,556 for the Poles.

Fair Sunday, the day of the voting in Upper Silesia, seems likely to go down in history as one of the most momentous days in the adjustment of European boundaries growing out of the recent war. The day had been looked forward to with intense interest by all Germany and Poland as well, while evidences of world wide attention upon the balloting were not lacking in the United States.

The area involved, comprising some 5,000 square miles, was the largest section of territory to have its fate submitted to a plebiscite under the peace treaty, but even more important than the size of the district was the mineral wealth contained in its varied resources, mainly coal, but also including iron, zinc and lead.

Germany has shown by her representations to the allies how vital she considered these materials to her ability to reconstruct herself economically and meet reparations demands. The need of the resources of Upper Silesia for the economical wellbeing of Poland and has been hardly less strenuously insisted upon by the Polish people.

A notable feature of the plebiscite was the fact of both Germans and Poles, former residents of the district, who were entitled to cast their ballots. It is not known here how large a number of Poles were thus enabled to vote at yesterday's election, but it is estimated that not less than 140,000 Germans entered Upper Silesia to vote.

Poland has shown by her representations to the allies how vital she considered these materials to her ability to reconstruct herself economically and meet reparations demands. The need of the resources of Upper Silesia for the economical wellbeing of Poland and has been hardly less strenuously insisted upon by the Polish people.

All available troops in the district were distributed throughout the area at suitable points to insure order and the proper conduct of the balloting.

## TRY SECOND MAN FOR MURDER OF OFFICERS

Toledo, March 21.—Edward Foley, alias "Hughes" Foley, 19 years old, of Omaha and Denver, who police say confessed to taking part in a holdup and robbery of a New York Central railway ticket agent and the shooting to death of two railroad detectives, will be placed on trial today in county court.

Foley is charged with the murder of Louis Schroeder, one of the detectives. The other man killed was O. E. Long, Royce Richardson, negro, now is in the Ohio penitentiary awaiting infliction of the death penalty after having been convicted of slaying Schroeder.

On January 17, last, Austin Breed, a ticket agent, and the two company officers were in their way from the union station to a downtown bank more than a mile distant. Near the railroad station an automobile carrying five armed men crowded the car occupied by Breed, Schroeder and Long into the curb at the same time opening fire on the occupants. Schroeder and Long were killed almost instantly. The ticket agent escaped unhurt. The bandits got away with more than \$15,000. Of the five alleged robbers, Richardson and Foley were the only ones to be caught.

## KIDNAPPED, ROBBED OF \$8000, THEN DESERTED

Dayton, March 21.—Police were unable to find trace of bandits reported to have kidnapped F. C. Shawhan in his own automobile early today. Shawhan said he was robbed of \$8,240 in money, a diamond ring, his watch and automobile. He told the police that while on Summit street four masked men stopped his car, made him drive out on the German niko, west of the city, where they deserted him and drove back to the city.

## NAMED ASSISTANT TO NEW SECRETARY OF THE TREASURY

Eliot Wadsworth, appointed assistant secretary of the treasury, is a native of Boston and is nationally known through his Red Cross work and his position as one of the overseers of Harvard University.

## FOOTBALL TACKLE HALTS FUGITIVE

Former Grid Player, Now  
U. S. Deputy Marshall  
Captures Fleeing Prisoner  
Held For Big Postal  
Robbery.

Toledo, March 21.—Joe Urbaytis, the first man arranged in the million dollar postal robbery of February 17, made an unsuccessful dash for liberty while on his way back to Lucas county jail after his arraignment Saturday in Federal Judge Killits court. It became known today.

Four other suspects, all under guard of federal inspectors, deputy marshals and detectives were with Urbaytis when he attempted his dash for freedom.

Urbaytis slipped his wrists from the handcuffs just as he entered the jail. He ran down a corridor closely pursued by Deputy Marshall Martin Szymanski, a former well known Toledo Major League football player.

Szymanski made a flying leap, tackled Urbaytis low and brought the suspect to the floor. He was again placed in jail and an extra guard thrown about the place.

Urbaytis, who is under \$150,000 bond, had been arrested in Lucas county, pleaded not guilty to the charge of looting the United States mails.

His trial will begin before Judge Killits April 11. Four others directly charged with the holdup likewise pleaded guilty and will go on trial at the same time.

## CONTINUE SEARCH FOR MEN KILLED BY BLAST

Chicago, March 21.—Wrecking crews today were clearing away the tons of debris scattered by an explosion Saturday night in the elevator of the Armour Grain company on the south side, under which the bodies of four victims were believed to be concealed. The two known dead were blown out of the structure by the blast, which it was believed was due to spontaneous combustion which ignited inflammable mill dust.

The grain loss was placed at about \$1,000,000, by E. A. James, secretary of the company, who said that it was believed the other \$3,000,000 worth of grain in the concrete bins could be salvaged.

Police and officials of the company declared they placed little credence in a theory that the explosion might have been caused by a dissatisfied employee.

## THREE OHIO TOWNS HAVE BAD FIRES

Sidney, March 21.—Fire of unknown origin early today destroyed the Thompson block in which the Sidney Telephone Exchange was located. The loss was \$200,000 partly covered by insurance. The damage sustained to the exchange amounted to \$100,000, a new switchboard having just been installed.

Other losses were Christian Drug company \$20,000; Kraft Shoe Store, \$10,000; W. V. Thompson estate on building \$50,000; Red Men's Hall \$3,000 and Eagles Hall \$2,500.

Spread of the flames was prevented by the timely arrival of the Piqua fire department.

Port Clinton, March 21.—Fire early today damaged the Clinton Hotel a rooming house, grocery and automobile tire store. The total damage is estimated at about \$12,000.

## MINERS CHEER AS JURY ACQUITS 16 OF KILLING FELTS

Trial Lasted 46 Days and  
Aroused Widespread  
Interest.

Give Bond on Indictments  
Charging Death of Six  
Others.

Williamson, W. Va., March 21.—The 16 defendants tried in connection with the death of Albert C. Felts who was killed during the Matewan gun fight last May 19, were today found not guilty by a jury in the Mingo county circuit court.

The defendants were formally discharged by Judge R. D. Bailey president, but were remanded to jail pending bond arrangements on six other indictments charging the men with having been implicated in the death of six other private detectives killed with Felts.

The trial consumed 46 days. News of the acquittal was shouted to a large group of miners standing at a window outside the court room, the announcement was received with enthusiasm. Wives and relatives of the Matewanians stood on the porch of the county jail and received their kin with open arms.

Williamson residents received the verdict quietly and there were no demonstrations outside from a outburst of cheers from miners who had stood vigil since early morning.

A coal miners strike has been in progress in Mingo county coal fields since July, 1919. Organizers of the United Mine Workers Union sought to unionize the district which Mingo county and Pike county on the Kentucky side of the border. Nearly a year later the Stone Mountain Coal corporation engaged the Baldwin-Felts Detective agency to evict striking miners' families from the company houses in which they were living.

On May 19, 1920, a party of eight Baldwin-Felts detectives, headed by Albert C. Felts, carried out the evictions. After a day fraught with argument between operatives and city officials the party finished its work and prepared to depart from Matewan on an early evening train.

Upon leaving their hotel Albert Felts and his men stopped in front of a hardware store. The leader and Mayor C. C. Testerman engaged in a controversy and while they stood close to each other talking a shot was fired.

In an instant rifles and pistols barked and a shooting ensued. Testerman, six other members of the Baldwin Felts party and two other residents fell mortally wounded in the main streets of the village.

Twenty three men of Matewan were indicted by a grand jury at Williamson in connection with the death of Felts. At the outset of the trial which began on January 26, the cases against several of the defendants were dismissed and as the taking of testimony progressed others were discharged on motion of the defense.

## WHEN ALLIES AND GERMAN "REPARATIONS" MEETING ENDED

Above, the German delegation. Standing, left to right: Ministerial Director Von Simson, General Von Kessel, Ministerial Director Von Le Suire, Ruling Governor Fellingner. Seated: Minister of State Simons, head of the delegation.

These photos were taken just before the break between the German reparations commission and the allied representatives at London, which led to the occupation of German cities by the allies to "punish" the Germans.

The upper photo shows the German commission, headed by Minister of State Simons. Below are General Foch, leader of the armistice forces of the allies, and other French leaders leaving Lancaster House. Left to right are a French military attaché, Marshal Foch and General Weygand. The allies now hold four important industrial centers in Germany.

## HARDING WANTS SPECIAL TARIFF

Urges Emergency Bill To  
Take Care of Wheat,  
Wool and Other Farm  
Products.

Washington, March 21.—President Harding suggested today to Chairman Fordney that the house ways and means committee sound out the senate representatives as to the feasibility of early passage of an emergency tariff that would take care of farmers.

The proposal was discussed at length, but it was said the committee reached no definite conclusion.

## PARDONED NEGRO REPEATS CRIME SOON AFTER RELEASE

Ashland, Ky., Mar. 21.—John Weinbush, a negro, shot and instantly killed James Johnson, negro from Lexington, Ky., on the streets here last night.

Weinbush had been sentenced 14 years ago for a term of 21 years in prison for killing a negro and was pardoned recently.

## YOUTH ADMITS THEFT MONEY IS RECOVERED

Wayne Green, 21, who was arrested Saturday for the theft of \$281 from the safe of Charles F. Siane of West Main street, following his identification by the porter, Alonzo Lewis, confessed to the theft, waived examination and was bound over to the grand jury in the sum of \$1000 bond. Bond was not furnished and he was taken to the county jail to await the action of the grand jury.

Green, who had given his mother \$9 of the stolen money was able to return \$280.

## CLEMENCEAU BACK FROM HUNT

Toulon, France, March 21.—Georges Clemenceau, former premier of France, arrived here today from India, where he has been engaged in hunting tigers and in visiting the foothills of the Himalaya mountains. He reported landing from the steamer Ormonde that he was in perfect health.

## SHE WILL BE "WHITE HOUSE BABY"

Miss Pearl Harding with a picture of the president he autographed for her.

Miss Pearl Harding, thirteen-year-old daughter of S. E. Harding of Chicago, has been asked by President and Mrs. Harding to make her home with them at the White House. S. E. Harding is a distant relative of the president. As have the other young children who lived at the White House she will be known as the "White House Baby."

## NEW ATTACK ON DRY AMENDMENT

Senator Harding's Conditional Vote Is Cited In Brief Filed By California Man, Testing Act.

Washington, March 21.—An entirely new attack on the validity of the prohibition amendment, based upon the requirement that it be ratified within seven years, was made today in the supreme court.

The attack was made in a brief filed by counsel for J. J. Dillon, of San Francisco, charged with violation of the prohibition enforcement act. Dillon is seeking a writ of habeas corpus.

The provision attacked was offered first by the then Senator Harding when the amendment was being proposed in the senate.

The section making the entire article inoperative unless ratified within seven years, the brief asserts, specifically violated Article 5 of the constitution which gives congress no power to impose a limit on ratification "or to otherwise attempt to control what the legislatures of the state shall do in their deliberations."

The brief quoted Senator Harding in offering the provision as having "clearly stated that his vote for the resolution was conditioned on this provision being approved," and quoted Senator Borah as having called attention then to the unconstitutionality of the section.

## FEDERAL JUDGE WILL SEEK LETTER WRITERS

Toledo, March 21.—Federal Judge John M. Killits declared from the bench today that he will order an investigation to determine who sent letters to the attorney general to have the case of Dr. Philip Magnus Johnson postponed.

"Interfering with the court's business," the judge said, "and it must be ascertained what persons interested themselves in the matter to the extent of appealing to the attorney general."

Johnson, negro physician, went on trial in federal court here today charged with having wilfully and feloniously sold narcotic to a number of persons while not acting in his professional capacity.

## CRABBE ACT NETS \$66,000 IN FINES

Columbus March 21.—Receipts from fines collected under the Crabbe prohibition act since last November up to date amounted to \$66,934.30, according to a statement issued today by State Auditor Tracy. Lucas county had the largest contribution, \$13,313, while Summit and Stark counties each contributed \$12,000. No collections were certified from Hamilton or Cuyahoga counties.

GOODYEAR MEETING POSTPONED. Akron, March 21.—Announcement was made at the offices of the Goodyear Tire and Rubber company today that the stockholders meeting on refinancing plans, scheduled for tomorrow, would be postponed for a short period. President F. A. Seligman returned last night from New York and reported that all details had not been completed. He reported good progress was being made.

STEVE FERRELL SOLD. St. Louis, March 21.—Steve Ferrell a pitcher, has been released to the Terre Haute club of the Three Eye league by the St. Louis Americans, a dispatch from the training camp of the Browns at Bogalusa, La., today said.

## CABINET OFFICERS HEAR WORKERS IN WAGE ARGUMENT

Secretaries Hoover and Wallace Sit With Davis In Hearing.

Satisfactory Adjustment of  
Wage Dispute Is Sought  
By Bureau.

Washington, March 21.—Spokesmen for the packers' employees presented their side of the dispute with their employers over wages and working conditions at a conference early today with Secretary Davis at the department of labor. This preceded the joint conference at which Secretaries Hoover of the department of commerce and Wallace of the department of agriculture, sat with the labor spokesmen.

The representatives of the packers were heard by Mr. Davis last week and before going formally into the matter in an effort to arrive at some satisfactory settlement, Mr. Davis gave the workers' spokesmen an opportunity to present their case.

Secretary Davis said he planned to call freely upon Secretaries Hoover and Wallace for advice.

"If a question arises that relates to conditions in Europe," he said, "I will call upon Secretary Hoover's knowledge of those conditions. On questions regarding the stock industry I will ask Secretary Wallace's advice."

Besides the three cabinet officers, those attending the conference were James L. Condon and Carl Meyer for the packers, Dennis Lane and Redmonds Brannen for the employees, and Hugh L. Krawin, E. P. Marsh and Howell Davis, members of the conciliation division of the department of labor who participated in the settlement in 1919 of the Alschuler agreement of 1917.

## U. S. CITIES SPEND MILLIONS ABOVE REVENUES

Washington, March 21.—Governmental costs, including interest and outlays for permanent improvement for the 227 cities of the country with a population of 30,000 or more exceeded total revenues by \$3,991,000 in the year 1919, according to statistics on municipal finances made public today by the census bureau. Deducting the item of permanent outlays, revenues, which aggregated \$1,233,000, or \$25.42 per capita, exceeded governmental costs by \$255,902,000, it was shown.

Revenue receipts exceeded current governmental expenses and interest in all but four cities of the group, the figures showed, while in 117 cities revenues exceeded all expenditures including permanent outlays. The total net indebtedness of the group was placed at \$2,679,551,000 or \$77.32 per capita, with that of New York City alone \$1,609,309,000, amounting to more than one third of the total.

## NEGLECT KILLS MANY MOTHERS, DOCTOR SAYS

Columbus, O., March 21.—Eighty-two hundred and fifty-seven mothers died during the ten-year period ending in 1919, at childbirth, or as the result "of it, according to figures just completed by Dr. U. G. Murrell, state onchologist of the state health department," Dr. Murrell declared.

During the same period, 42,707 babies died at the time of birth, or shortly thereafter. Injuries received at birth caused the death of 4054 of these, said the report.

Quadruplets are extremely rare in Ohio, Dr. Murrell's statistics show. Only one set was born during the ten-year period. There were 27,922 twins reported, which is 26 to every 1000 births.

Of the triplets, 1900 were 1634 twins born in Ohio and in 1819, 2728 twins. The number of twins and triplets born varied little from year to year, according to the state registrar.

The one set of quadruplets was born in 1911.

The age of mothers giving birth to children during the ten-year period was from 12 years to 55 years. There was one ten-year old mother; four of 12 years of age; 59 of 13 years of age; 313 at 14 and 1220 at 15.

## UTILITIES OWNED BY PEOPLE, SURVEY SHOWS

Cleveland, March 21.—Ohioans who are owners of public utilities securities number approximately 112,000, and with their families represent close to one-tenth of the population of the state, according to figures compiled by the Ohio Committee on Public Utility Information.

From records of the 952 privately-owned public service corporations, the committee has prepared a compilation of utilities securities holders who live in Ohio.

This compilation shows that Ohioans who hold telephone securities are a legion alone. They number 42,000. In the electrical industry, 23,000 residents of the state have their savings invested in the gas industry, 22,000. Twenty thousand people own electric traction securities, 900 own water company securities. It is estimated 4000 Ohioans own securities in other Ohio service companies said the Bulletin, which leads the total 111,000.

"Who are the owners of the utilities? The operators and managers are not. They merely are hired to run the business by the owners—the public will people served."

## NEW LEADER NAMED

London, March 21.—Austin Chamberlain, chancellor of the exchequer, was today elected leader of the Unionist party. His selection, effected at a meeting of the unionist members of parliament at the Carlton hotel, was the first since the death of Lord Balfour.

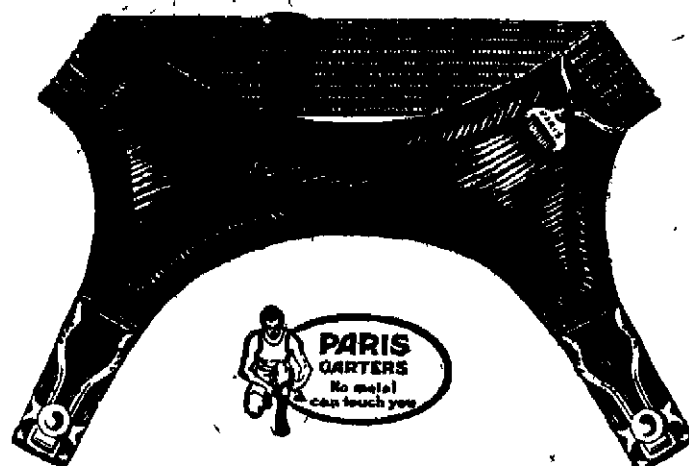

NEW LEADER NAMED. London, March 21.—Austin Chamberlain, chancellor of the exchequer, was today elected leader of the Unionist party. His selection, effected at a meeting of the unionist members of parliament at the Carlton hotel, was the first since the death of Lord Balfour.

## D. U. TROOPERS SIGN UP FOR CAMP

Infantry and Artillery Instruction Will Feature Work at Camp Knox—Bus Service Halted By Accident.

(Special to the Advocate.)

Granville, March 21.—The summer R. O. T. C. camp for the fifth corps area, which includes the states of Ohio, West Virginia, Indiana and Kentucky, is to be held this summer at Camp Knox, 30 miles from Louisville, Kentucky, from about June 15 to July 27. Students from the infantry units of about 28 schools and colleges in this area will attend this new camp as will also members of the field artillery units from all parts of the United States. Denison men who attend this camp will thus have the opportunity of meeting college men from all sections of the country and will see not only the work of the infantry but also field artillery in all its phases, one of the most interesting branches of the military service. The camp will be conducted by army officers who are now on duty as professors of military science and tactics at the various schools and colleges of the districts. Lieutenant Colonel Clark and Sergeant Wallace from the department of military science and tactics in Denison university, will be in charge of the camp. The R. O. T. C. camp this summer is in charge of Camp Knox. Already a number of students have signed up for the summer camp and there is no doubt that Denison will be well represented in the R. O. T. C. camp this summer. Granville's transportation facilities were out of commission Sunday afternoon for some time owing to tire trouble on the bus line and the independent service of the "one man" electric car. The 200 students guests of the town and college over Saturday and Sunday, were more or less disappointed in making their train connections at Newark as the result.

The Mothers' club will have a Fathers' meeting tonight at the community rooms when all the fathers will be guests of the club.

Denison's basketball team won the championship at the Allegheny Mountain association held in Cincinnati the last of the week. This association takes in four states, Pennsylvania, Kentucky, West Virginia and Ohio. The final game was played Saturday evening about 10 o'clock between the Big Red team and the Cincinnati Gym team. Each player on the victorious team received a gold medal besides the large shield presented to the team. This shield which Denison will have the honor of keeping always is a very handsome one of oak and hammered silver.

Miss Helen Owens was a guest of Miss Catherine Howe from Wednesday until today.

Mrs. Ransower is visiting her daughter, Mrs. Pratt in Columbus for a few weeks.

Fred Williams of Welsh Hills has sold his farm to Jesse Walters, proprietor of the Arcade hotel in Newark. This farm contains a fine apple orchard, among other desirable features.

Mr. and Mrs. M. M. Shoemaker entertained Saturday evening at their home on Prospect street the following guests: Colonel and Mrs. Clark, Prof. and Mrs. Eschman, Dr. and Mrs. Lewis, Mr. and Mrs. Pierce, Prof. and Mrs. Coons, Dr. and Mrs. Tanner, Dr. and Mrs. McCutcheon, Prof. and Mrs. Stickney, Mrs. Darrow, Miss Una Ackley, Mrs. Doehlman, Frank E. Robinson, Prof. Ward and Prof. Eyer.

Prof. C. D. Coons was the principal speaker at the Toledo-Denison banquet held in that city Friday evening. Prof. Coons returned to Granville, Saturday. Langdon White, Denison '02, from West Virginia, was a guest of his Phi Gam brothers over the week-end.

The junior class of the high school had a St. Patrick's party at the school building Friday evening.

A special communication of Center Star lodge, F. and A. M. was held Friday afternoon. The meeting opened at 2 o'clock for work in the E. A. degree on 12 candidates. Lunch was served at 5:30 o'clock.

Miss Reba Jury was a guest of Granville friends over Sunday.

## TUNEFUL MUSIC, GOOD DANCING IN 'SPOTLIGHT'

Some very clever comedy, good dancing and charming song numbers, especially the starts I Cannot Sleep Dear Without Dreaming of You," made up "The Girl in the Spotlight," which played two engagements at the Auditorium Saturday.

A fair house saw the matinee but the evening performance had a scant audience. But this did not prevent a very clever entertainment being given.

Mary Milburn, is new to Newark audiences; but her pliant charm as the Irish lassie, with an attractive voice and a desire for the stage, has won her a place for the future. Working with her was a trio of comedians, the foremost of which was Hal Skelley as "Watchem Tripp," the stage manager for the opera. Skelley, seemingly suffering from a heavy cold, but this did not mar his work and his "Dance Lesson" number was especially funny. Supporting with clever work was James J. Dunn as Bill Waver, and Bill was up to the minute at all times. Paul Hurns as Max Pries also contributed some good laughs.

The women in the cast in support of Miss Milburn were ordian with exception of Miss Eunice Vane as Nina Romaine, the prima donna of the opera. Miss Vane was worthy of a role which kept her often before the audience.

As can be expected from "Victrola," her score, the music was tuneful, and a good looking chorus helped make the show snappy.

## COLUMBUS ELKS TO HAVE INSPECTION MAR. 30

The illness of District Deputy Harry D. Hale caused the postponement of the big inspection and social session of the Columbus lodge on February 21, but March 30 has now been selected, and the Columbus members are planning a "big night."

The Newark Glee club and the Newark band, with a majority of the Newark Lodge members will be entertained by the Columbus Lodge, and Deputy Hale will make the official inspection of the Columbus organization. Some special social features are being arranged for the event.

The University Library of Paris has a collection of gramophone records reproducing the voices of the great men of modern France.

## Victor records are a part of Victrola instruments

Just as much as the sound-box and stylus and tone-arm. Each separate part combines to bring about the perfect result, and the records as well as all other parts are specially made to be used on Victrola instruments.

Victor records and Victrola instruments are scientifically coordinated in the process of manufacture. In making records the great artists give unsparingly of their time and efforts, working together with the Victor scientists and craftsmen who are thoroughly skilled in the art of sound reproduction.

The result is fully evident when you play Victor records on Victrola instruments. It is only by using them in combination that you get such life-like reproductions which meet the approval of the artists themselves.

Victrola instruments \$25 to \$1500.

## ROTARIANS GATHER FOR DISTRICT MEETING

Cleveland, March 21.—Rotarians from all over Ohio were here for the opening today of the annual state convention. The treatment and education of crippled children will be one of the chief subjects before the two days sessions. More than a thousand Rotarians are expected to attend.

The conference was called to order by Stanley Sanford, president of the Cleveland Rotarian Club. Samuel H. Squires of Elyria, district governor responded to the address of welcome.

A playlet by "Rotary crippled children of Ohio" was on the afternoon program. An open discussion in which Rotarians will develop their plans to seek the establishment of eight hospitals in the state to be devoted exclusively to the care of crippled children will follow. Cleveland Rotarians say a committee will be appointed to draft a bill to be presented to the legislature providing for the establishment and maintenance of these institutions.

## SUNDAY'S WEATHER MUCH LIKE SUMMER

As is usually the custom, anticipation is greater than realization. Yesterday, preceded spring by about 24 hours, and the day had all the balmy breezes of the middle of June. Last night a beautiful moon brought out the "park parlors," and shadows cast by "twosomes" could be seen on the front porches.

An then today spring arrived, with a rain, which gradually became cooler, and the thermometer dropped from 88 at 4 o'clock Sunday afternoon to 55 Monday morning. As the weather man

after he had you all wrought up, came right and said it was going to be cooler and then amended by saying Tuesday was going to be cold.

The vernal equinox storms are upon us and they are as tricky as of yore. But the girls really won't feel so awfully bad for they scored one yesterday in the parade of spring finery, and be Easter what it may, the weather cannot take that away from them.

## NEWARK DEBATER IS GIVEN HIGH PRAISE

In its story of the Newark-Mt. Vernon debate Saturday, the Mt. Vernon Republican-News has special praise for Floyd Layman of the Newark team.

The Mt. Vernon paper says: "Each of six speakers acquitted himself in praiseworthy fashion. While Newark's team won, it could safely be said that Mt. Vernon's speakers showed an equal amount of ability in the line of public speaking. If there was, however, such a thing as a "star" of the evening this "star" was Floyd Layman of the Newark team. Mr. Layman had an effective manner of delivering his arguments treated the subject thoroughly and was especially strong on rebuttal.

Hope vs. Evidence.  
At the grave of the departed, the old darky pastor stood, hat in hand. Looking into the abyss he delivered himself of the funeral oration.  
"Samuel Johnson," he said sorrowfully, "you is gone. And we hope you is gone where we 'specks you aint." The American Legion Weekly.

Mechanical Research.  
"Where is the universal joint?" asked Henrietta.  
"In the bootleg," replied Henry, American Legion Weekly.

## Regularity Will Make You Independent

**Consider Thyself**  
Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such an one in the spirit of meekness, considering thyself, lest thou also be tempted.—Galatians 6:1.  
A \$33,000,000 GIFT.

When Herbert Hoover set out four months ago to raise \$33,000,000 to relieve the immediate needs of 3,500,000 starving children in Europe, many observers said it couldn't be done. They felt the American people were not sympathetic with human suffering unless it was found in their own country, and that no such amount would ever be sent elsewhere.

That vast amount has now been raised, and these pathetic little waifs of tragedy are carried through until another harvest, when their need may be greatly relieved.

The people of Europe feel embittered toward this country for making money out of their misery. But several millions of young folks saved by this gift, will say: "No, it is not true that America cares only for dollars. They gave me my life when they had nothing to gain by it."

The Bible says "Cast thy bread upon the waters and it shall return unto thee after many days." The people who have contributed toward this noble cause, will never regret the sacrifice.

**REDUCTION OF TAXES.**  
The Republican party has had control of congress for two years. Every cent that has been expended has been appropriated by congress, yet there has been no reduction in taxes. Now with every branch in control of the party, it is admitted that taxes cannot be reduced.

The principal reaction is that taxes will go higher and higher as long as vast expenditures are to be made for naval and military establishments. The president demands a huge navy with its great expenditures. So taxes will remain burdensome, because the only means at hand to bring about the reduction of armaments is denounced by President Harding and his advisers.

In the meantime the steel interests, the munitions interests and all those whose millions are increased when nations are to the armed to the teeth are contented. Those interests opposed America's entry into the League of Nations and they supported the candidate for President who are not in favor of going in.

**"GET IT DONE."**  
The Chamber of Commerce of Kansas City recently came to the realization that they had under consideration a great number of improvement projects, but that not much progress was being accomplished on any of them.

So a slogan "Get it done" has been adopted in that city, and eighty organizations are now co-operating in a "Get it done" movement. They are putting through a number of public improvements that had hung fire a long time. Also the Get it Done spirit is manifesting itself in private business, and many executives are cleaning up loose ends.

It is human nature to let a lot of plans lie around in a half developed state. Such a lot of excellent suggestions are made, that people fail to concentrate on any one. Better not to have so many projects but to take a hold of a limited number, and Get it Done.

**TIME FOR PUBLIC WORK.**  
Not one out of ten of the leading business men in any community will accept a public office that will take much of his time, or will help manage the affairs of improvement and welfare organizations.

George B. Pomeroy, president of the Ohio board of commerce, urges every man over 55 years of age who has his business affairs in good shape, to give one-third of his time to public work. He will not make much money out of it, but the honor his fellow citizens will give him should be worth more than dollars.

A lot of unsuccessful business men are willing to give their time to public service in government jobs for the salary there is in it. No more of that kind are wanted. What is needed is the work of those who have demonstrated their ability.

**THE DOMESTIC'S RETURN.**  
(Philadelphia Record.)  
While railroad men are accepting, or refusing to accept, as the case may be, cuts in their wage scale, another readjustment of pay is quietly going on without much blazoning of it in the newspapers. The signs are to be noted, however, among the classified ads. in the department headed "Situations wanted—female."

The haughty servant girl is coming down from her perch. She is not only taking the trouble to advertise for a job, but when she faces her prospective mistress she doesn't demand the queenly wage that was her minimum only one short year ago. The observations on a German town woman, who has made somewhat of a study of this interesting matter, may be taken as typical of the new trend all over the city. "Last year," says she, "when I advertised for help, as I was compelled to frequently, I got only two replies. On one occasion a dark complexioned queen came to the front door, dragging a Pomeranian on a leash. She looked me over, demanding \$15 per week and finally decided she didn't want the place anyway. Another lady of color came a few days later. She carried a swag-stick—and everything before her. I couldn't lure her into my kitchen at all. But now things are different. The other day, in response to an advertisement, 14 applicants presented themselves."

This is promising news. If we are to get back to normalcy it is well to have this blessed charity begin at home.

**Pointed Observations**  
A Washington correspondent says Josephus Daniels will leave office pleased with the whole world. Good news for Daniels is the world. Democrats we ever heard of who left office pleased with either the world or the world to come.—Houston Post.

Talk about the Vice President having nothing to do is silly; doesn't he have to listen to the Senators when they don't even state a motion to each other?—Milwaukee Journal.

The first Olive day, so we are informed by rose chasers in Biblical history, was celebrated on the day the dove brought back the twig of hope.—San Francisco Chronicle.

Coal mined in Pennsylvania has been sold in London for less than we pay for it in Brooklyn. Oh, but we are easy marks, aren't we? Now let some one pass a resolution declaring that this sort of thing seems unfair.—Brooklyn Standard-Union.

Bert New, of Indiana, has been appointed executive secretary of the Democratic National Committee. Just remind us, perhaps, that some of the News vote the Democratic ticket.—Chattanooga Times.

The thing about the tariff we like is that it's so responsive. The Senate voted to add a cent a pound to sugar and sugar in Grand Rapids promptly advanced to 10 cents a pound.—Grand Rapids Press.

Of course, Daugherty belongs in the Harding cabinet. If it hadn't been for Daugherty, Mr. Harding wouldn't be forming a Cabinet.—Charleston News and Courier.

With the view of cultivating closer commercial relations with North America, more than 100 business and professional men of Argentine will come to the United States in May.

**THE FIRST DAY OF SPRING.**  
Hall gentle Spring! or no, on second thought.  
We think it would be better if you'd not.  
Our spirits would be sadly chilled, we know.  
If you, sweet Spring, should either hail or snow.

**Wouldn't Have Interested Him.**  
Aunt Caline says: "Tother day as I were a-sweeping my front walk down by the gut I noticed Will B. Drunker an' Less Frank an' Less Frank an' Less Frank in quite a earnest conversation. Jest as I reach the gate I heard Less say, 'Looky here! I understand you been a-telling all around this here town that I'm a dang lyre,' he says. 'Well,' says Will, 'I'd like to no who I said it to,' he says. 'To Obie Still for one,' says Less. 'I never said it to Obie,' says Will. 'He's lives here all his life,' he says. 'Can I s'posed he need it,' says he."

**Age Cannot Withier.**  
We thought we detected an undertone of anguish in Mr. Robert Ryder's admission last week that Nature had forced another birthday on him that he didn't really need and the very next time we see him we're going to exclaim enthusiastically, "You don't look a day older!" not even glancing at the trembling limbs, the graying hair nor the bowed shoulders.

**Princes, Why So Pale?**  
He told the shy maid of his love, The color left her cheeks;  
But on the shoulder of his coat It showed for several weeks.  
—Scalper.

**Names, Is Names.**  
There are some bad men in the world. But Charles Toogood lives at 150 Fayette street, Cumberland, Md.—Luke McLuke.

A gay Lothario Charles was, The gayest of the crew;  
He told his wife that he, my laws! Was Toogood to be true.

**Did You Know**  
That the island of Yap is the chief island of the Central Carolines? This group consists of several hundred islands lying north of New Guinea, he-

**BORROWED HUSBANDS**  
By MILDRED K. BARBOUR  
LXI.—A Mysterious Young Person.

Thoroughly alarmed by Fleurette's condition, Nancy left Edith's maid on charge and went to the telephone to call the Langwell town house.

There, a servant informed her that Dr. Langwell was out.

She called the hospital and was told that the doctor was not expected until 2 o'clock. They could give no suggestion where he might be found.

"Can you tell me if the nurse who was to come to the Dr. Langwell's country home, has left yet?" asked Nancy.

"We have received no request for a nurse," was the crisp reply.

Nancy hung up the receiver, frowning.

She didn't like the look of things at all. Particularly she didn't like her own situation. To be in sole charge of an unattended patient who might die at any moment was not a comfortable sensation.

It was not like Nancy to shirk an unpleasant task once she had set herself in for it, but with Gerry to depend on, she had generally managed to avoid getting caught in an unfortunate position.

Being a little sister to Edith Langwell and her fascinating, but undependable husband was not proving the joy she had expected, and she thought how easy it would be, if Gerry were at home, to have him send a wire requesting her immediate return.

As it was, husbandless and without domestic responsibility, she was at the beck and call of anyone who needed her services.

She went laggishly back to Fleurette's room.

The girl was lying quite still, but the flush had returned to her face and her breathing was perceptible again.

Nancy was staring down at her anxiously when Edith's maid came in.

"The nurse has come, Mrs. Barrard," Nancy whirled around.

"The nurse? Why, the hospital said one had been sent."

"She is downstairs now. Shall I tell her to come up?"

"No," decided Nancy swiftly. "I will go down and talk to her."

She found a slim young woman seated in the reception hall. She was dark and slight, dressed in an irreproachable tailormade.

"You are the nurse?"

The young woman rose rather languidly.

"Miss Dean—yes."

"Dr. Langwell sent you?"

"Yes. He telephoned the hospital early this morning. I came at once."

Nancy looked at her squarely, but she did not flinch. She gave no slightest evidence that she was telling a deliberate untruth.

"Very well. I will take you to the patient."

Nancy led the way upstairs.

"You understand what the case is?" she asked over her shoulder.

"A minor accident victim—yes."

"I have been very alarmed by her condition. The doctor left medicine for her but I have been unable to make her swallow it. I dare say you will meet with more success."

"That is my profession," replied the young woman with a patronizing smile.

Nancy noted that she glanced casually about as she mounted the stairs and followed her guide down the upper

**LISTEN, WORLD!**  
(By Elsie Robinson.)  
"I've been a good wife and mother," she wails, "why doesn't he love me any more?"

But he doesn't love her any more. He loves someone down at the office who files all his correspondence so he doesn't have a moment's worry. Shooes away irritating visitors, and generally manages to make his whole work machinery run like a summer song. He didn't plan to love her. He hardly knows that he does love her. But he depends on her so everlastingly much that he just can't help loving her.

And at home his wife cries and buys a high-crowned dress because he proposed to her when she wore that color, and cries, and tells the bones they are

law-therless now, and cries, and henas her hair because the little stenog is a blonde, and cries—and cries—and refuses to go to the movies without him—and cries—and runs—to kiss him every night, garling sals, and has to have special massage because of her exhausted nerves. If that isn't Love, I'd live to see a sample!

But what is Love anyway? Is it merely the OUTPOURING OF YOUR AFFECTION toward another person, or is it the REGULATION OF THAT OUTPOURING TO SERVE ANOTHER'S ESSENTIAL NEED?

We're all very keen on loving but we want to love in our own way. His a wife merited her husband's exclusive devotion because she thinks of him when she buys her clothes and desires to kiss him alone? Suppose he just wants to sit alone and smoke and think out that big deal—and have a fried egg sandwich afterward. WITHOUT EMOTIONAL TRIMMINGS. Then isn't it the Higher Love to leave him unkissed?

The wife doesn't think so. He used to kiss her once—he doesn't kiss her now. So, But the little stenog goes on filling contracts. WHO WINS?

(Copyright, 1921, by George Matthew Adams.)

**POOR BLOOD DANGEROUS IN EPIDEMICS**  
Keep in Good Physical Condition Every Day to Fight Off Effects of Germs.  
SAFETY IN RICH RED BLOOD  
Gude's Pepto-Mangan Builds Vigorous Blood. Recommended by Physicians for Thirty Years as a Reliable Blood Tonic.

A great many people, working hard every day, get in a run-down condition without realizing it. They have days and sometimes weeks when they do not feel just right, and they worry along, thinking that they will soon be in good shape again. It is true that they are not really ill. But when the system is run-down it is usually due to weak blood. When you overdo and go through exertion, lose sleep, and catch cold easily, the system gets run down, so that when an epidemic comes along, germs have an easy time of it.

If you do not feel up to normal, if you are all tired out and listless, take Gude's Pepto-Mangan for a while and notice the difference. It makes rich red blood, tones the system up so that you feel like getting things done. Your appetite comes back, you eat heartily and if there is nothing vitally wrong, you feel like yourself again. You will be up and doing and you will get exercise and fresh air and plenty of sleep.

Gude's Pepto-Mangan is put up in both liquid and tablet form and is sold by druggists everywhere. The liquid and tablets have exactly the same medicinal value. Buy whichever you prefer and be sure it is genuine "Gude's Pepto-Mangan." The name "Gude's" is on the package.—Advt.

**ABE MARTIN**  
Copyright National Newspaper Service

Dear Aunt Caline—I'm writing this to see what we might do in changing women's style of dress. I think we should don't let the people sure have gone insane. Who stand for such apparel, I'd rather see the hoops again. That look just like a barrel. I am a woman, Aunt Caline, But not a fashion plate. While girls think men admire them so. Their styles they surely hate. It's plain they show no self respect. When they go out half clad, Altho', they claim, that it's alright. Because it is the fad. Oh, it's disgraceful how they dress. Their skirts above the knees. All they need to do to remove a gown is just to cough or sneeze. Now, Aunt Caline, I'd like to hear What you may have to say. This note is from an old-time friend. So answer right away.

—Old Fashioned.

## Our New York Buying Office Has Sent Us Hundreds of New Garments

Assuring Our Customers of Ample Assortments From Which To Select Fashionable Apparel For Easter and Spring Wear.

THESE late season creations will be shown tomorrow for the first time. From New York's finest tailors and dressmakers, our resident purchasing office selected only those models that have been originated within the past ten days. This gives our customers the opportunity of choosing the Easter garment of their preference—whether it be a suit, wrap or frock—from an assortment that is authentic in every detail.

If you have waited until this week to make your selection, we urge you to come here tomorrow. Style, shade and size ranges will be complete and alterations, if necessary, can be completed in time for Easter. And if we may offer a suggestion, we should advise you to shop in the morning, if convenient. Stocks are better arranged and salesladies can attend to your wants much more efficiently than during the afternoon rush hours.

## OBITUARY

**Rev. T. J. McClelland.**  
Rev. T. J. McClelland, retired Presbyterian minister, died Sunday morning at 5 o'clock at his home 349 Hudson avenue. His death followed a two years illness the result of influenza. Surviving are his widow Mrs. Anna McClelland and one daughter Miss Josephine of the home.

Private funeral services will be held this evening in the home. The body will be taken to Hamilton, the old home on Tuesday and funeral services will be held there on Wednesday. Burial will be made in Hamilton.

**Jeremiah Pierson.**  
Jeremiah Pierson, aged 82 years, died Saturday afternoon at 2 o'clock at the home of his daughter, Mrs. E. Garrison, 45 North street. Mr. Pierson's death was due to a heart attack and was sudden. Although he had not been well for several days and had had several attacks he had not been confined to his bed but a day.

The deceased was born July 4, 1838. He came to this city a year ago from Hurstville, New Jersey. Besides his daughter, Mrs. Garrison, another daughter, Mrs. William Maynard of Chicago, survives. The body was sent to Philadelphia Sunday evening for burial at Hurstville.

**Mrs. John W. Kurtzenberger.**  
Mrs. John W. Kurtzenberger, aged 80 years, died Sunday at her home in Jefferson street. Death was due to infirmities of advanced years.

The deceased was before her marriage Miss Felicia Elizabeth Bread. Her sister died last July. The body was removed to the J. A. McGonagle funeral parlors. Funeral services will be held Tuesday morning at 8 o'clock in St. Francis de Sales church. Burial will be made in Mt. Calvary cemetery.

**Mrs. Eber Sesser.**  
Mrs. Eber Sesser, 30, a former resident of Lock, now living in Johnstown, died at the City Hospital Friday afternoon. Death following an operation. The deceased was survived by her husband and two small children. The body was removed to Johnstown.

**Arthur W. Staugh.**  
Funeral services for Arthur W. Staugh were held this morning at 10 o'clock in the East Main Street Methodist church. Rev. J. V. Stone, the pastor, officiated and burial was made in Cedar Hill cemetery.

**Mrs. Harriett Harrison.**  
The funeral of Mrs. Harriett Harrison, who died Friday evening, was held at 10 o'clock this morning in the home of her daughter, Mrs. R. I. Francis in Granville street, and burial was made in Cedar Hill cemetery.

**In Memoriam.**  
In loving remembrance of our dear mother and grandmother, Myrtle M. Scheffer, who departed this life one year ago today, March 21, 1920. Time moves on at rapid pace. As years succeed each other. But time or place can never efface sweet memories of our mother. —Mr. and Mrs. C. C. Scheffer and daughter Mildred, Mr. and Mrs. R. L. Scheffer and daughter, Rita Abigail, and her devoted husband, Leonard A. Scheffer. 3-21-It

**Card of Thanks.**  
We wish to thank our friends and neighbors for the kindness shown us during the illness and at the death of our mother, Ellen Starner. Also for the floral offerings and to Miss Bessie for their service.—Daughter. 3-21-It

**Card of Thanks.**  
We desire to express sincere thanks and appreciation to our friends, relatives and neighbors for the kindness and sympathy shown us in the loss of our dear beloved mother, Mrs. Ellen Starner. We also thank the minister of M.

E. church of Frazeyburg, Ohio, for his words of consolation and the pianist and singers for their services; also for the beautiful floral offerings and the Chas. Undertakers for their kindness shown us. Mrs. Thos. Fluhart, Mrs. John Smith, Mrs. Frank Renicker, Mrs. Cal. Strer and Daughters. 3-21-It

**Card of Thanks.**  
We wish to extend our thanks to our friends and neighbors for their kindness and sympathy shown us during the illness and at the death of our beloved child Louis Grant. Especially do we thank Rev. E. M. O'Hoyan and Rev. P. J. Ruane for their kind words of sympathy, Dr. Cosner for his efficient services also the K. O. T. M. No. 132 for their beautiful floral offering and C. T. Egan for his efficient services. Mr. and Mrs. George Faran, His Parents. 3-21-It

**Plaintiff Wins Decree.**  
In common pleas court Monday morning the court granted a decree of divorce to Viola Coffman in her suit against Clement L. V. Coffman. The decree was granted on the grounds set forth in the petition.

**Alleges Gross Neglect.**  
Albert L. Gigsbee filed suit for divorce from Marjorie C. Gigsbee in common pleas court Monday morning through his attorney L. C. Russell. The petition alleges gross neglect, cruelty and adultery.

**Charges Desertion.**  
Lucille Giblin filed suit for divorce from William T. Giblin in probate court this morning through her attorney, C. N. Moore, charging gross neglect, and desertion. Mrs. Giblin asks the court for divorce alimony, and the restoration of her name to Lucille Dicken.

**Marriage Licenses.**  
Ervin Garce, farmer, Delaware county, and Miss Clara Runnels, Johnstown, Rev. C. G. Hazlett named to officiate.

**PERSONAL**  
C. D. Nutter, who is ill at his home in Harrison street is improved today.

Warner Simmons of Johnstown left with a party of Licking county people for Green Cove Springs, Florida, yesterday afternoon. They go to inspect the operation of the American Clearing company's pulp mills and the cultivation of a 2,000 acre rice field at Wailkill farms.

Miss Marie Scott spent Saturday and Sunday the guest of Miss Grace Burkhardt of Mt. Vernon college. Reason: Leo P. Stanford has returned from a few days stay in Pittsburgh.

**BIRTH RECORD**  
Of the 12 births reported to the registrar during the week ending Saturday, six were boys and six girls. Following is a list of parents with date of birth of the child.

**Boys.**  
George Albert Giblin, March 1.  
Rufus I. Andrews, March 15.  
Louis P. Dete, March 17.  
Frank Lombardi, January 28.

## SOCIAL AFFAIRS

On Wednesday evening a most delightful time was enjoyed at the home of Mr. and Mrs. Fred Hawkins in West Main street at which time the ladies of the E. O. U. Sewing circle entertained their husbands. Dinner was served at 6:30, the appointments being carried out in green and white. Card playing and music were enjoyed.

Those present were Messrs. and Mesdames John Lawler, Fred Woodward, O. J. Hawkins, Mont Orr, Mrs. Snare, Scott Orr, Frank Dugan, Obie Hartshorn, J. Starr, Muri Lawler, Charles Martin, Miss Mina Hawkins, Charles Lindsay, Miss Charlotte Martin, Miss Miss Pauline Snare, Mary Margaret Martin, Maxine Dugan, and Betty Kill. Worth of Columbus; Master Robert Woodward and Reese Lawler.

The next meeting will be held at the home of Mrs. Starr in East Church street, Wednesday afternoon, March 30.

The A. O. C. club met at the home of Miss Hazel Stangle in Holiday street, Thursday evening. The evening was spent in music and dancing. Prizes were awarded to Miss Hilda Denman. A delicious four course luncheon was served to the following members: Misses Bertha Clutter, Grace Lerdy, Helen Denman, Mary Reel, Hilda Denman, Helen Maier, Adda Andrews, and the hostess. The next meeting will be held at the home of Miss Hilda Denman of 416 Clarendon avenue.

Mr. and Mrs. A. E. Mitchell entertained with a six o'clock dinner Friday at their home. The guests were Rev. and Mrs. I. G. McCormack and Mr. and Mrs. O. N. Townsend.

The Silent Circle of The King's Daughters will meet at the home of Mrs. U. G. Brillhart in 317 West Locust street, Tuesday evening at 7:30 o'clock.

At the First Presbyterian manse, 191 West Church street, Saturday noon, Mr. Ernest F. Martin of this city and Miss Stella Devoll of Rocky Fork were united in marriage by the Rev. Calvin G. Hazlett. The ring ceremony of the Presbyterian church was used. Mr. and Mrs. Martin expect to make their home at Bladensburg.

Saturday afternoon at the First Presbyterian manse, 191 West Church street, the Rev. Calvin G. Hazlett read the ring marriage service which united in the bonds of matrimony Miss Clara Runnels and Mr. Ervin Garce, both of Johnstown.

Miss Sarah Weld entertained the girls of the Twentieth Century club at her home Saturday afternoon when plans for a tag day benefit for the City Hospital were perfected. The girls decided to have the benefit next Saturday. Guests of the club were Misses Bessie Wright, Helen Ranney, Mary Franklin, Josephine Sprague, and Ellen Barnes.

At the home of the bride's parents, Rev. and Mrs. T. T. Buell of 92 North Williams street, the marriage of Miss Helen Buell and Mr. Frenier Albert McCune took place Saturday evening at 6:30 o'clock.

The bride's father read the service. They were attended by Misses Margaret Kemper and Mr. Howard Wells while the flower girls were Miss Katherine Buell of Columbus and Miss Ruth Johnson of Newark.

The bridegroom is the son of Mr. and Mrs. Harry McCune of North Williams street. Following marriage ceremony a wedding dinner was served.

### Our Boys and Girls

Care of the teeth should be impressed on children for it is most important to appearance and health. Good health in after life depends much on the care given the teeth while the children are still young. As soon as they are old enough to hold a brush they should be taught to brush the teeth three times a day, after each meal and just before going to bed.

Give the little tots a brush and a cup of lukewarm water in which a half teaspoon of borax has been dissolved. Then let them learn to do the teeth brushing themselves. The borax will sweeten the water and most children will like the taste of it.

At six years the six molars come. Most people think they are temporary teeth. Count from the middle on both upper and lower sets and you will find these teeth on each side, upper and lower. If they have begun to decay go at once to a reliable dentist and have them filled. Save them if possible, unless the teeth are crowded. If loose they will do more toward spoiling the proper closing of the teeth in mastication than the loss of almost any other of the teeth.

France has 466 women physicians.

### Milady's Boudoir

**Beauty of the Feet.**  
The kind of footwear a woman wears will aid much to make the feet appear as an attribute to beauty or the reverse. A shoe that fits snugly at the instep is the only one that is safe to wear. Shoes that fail to give proper support there cause friction which results in unsightly corns, bunions and calloused places. Go further than the size and appearance of the shoe when fitting your feet. But only shoes that are a proper shape for your feet. If your feet are long do not buy a short vamped shoe and if it does not taper

do not buy one with a sharp pointed toe.

When a laced shoe is tried on the strings should be drawn tight. If the sides of the opening meet, then it is too loose. The opening should give slightly, even when laced tight, for the leather will stretch and the shoe will become so loose that the foot will slip down against the toe of the shoe. A button shoe should fit snugly across the instep and, as the buttons work loose the three lower ones should be set back a little.

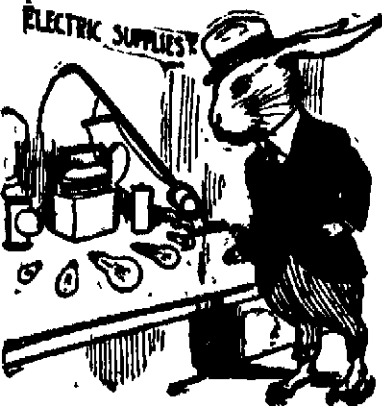

One of the surest ways to improve the shape and beauty of the feet is not to save shoes for house wear that are out of shape and run over at the heels. Shoes that give good support are needed

most when you are doing your housework. People who buy their shoes through the mail should include the measurement of the ball of the foot and the instep when giving the size of the shoe. It is also well to make an outline of the foot by standing erect on a piece of paper and outlining the entire foot on it.

**No Place Like Home.**  
"I hear a lot of former residents decided to remain in town after Old Home Week."  
"Yes, the Grand Jury happened to be meeting at the same time."—The American Legion Weekly.  
Advocate Want Ads Bring Results.

### Everyday Etiquette

"What is the proper way to break bread at a table?" asked Mabel.  
"Do not place the bread on the table cloth while you spread it. Break the bread in small portions, never cut it. Do not break bread or crackers into soup," advised her aunt.  
**Before and After.**  
"Do you know what it is to be before an audience?"  
"No, I speak before an audience, but most of it went to my head."—The Cleveland Press.

### SUMMER'S FORERUNNER

Easter is here. Now is the time to equip the home with the many time and labor saving devices that electricity, the modern housewife provides, to assist the ever busy housewife. Don't go through another summer of trying to clean your home with old-fashioned irons and other essentials will give you many an extra hour for rest and recreation.

## HAD NERVOUS BREAKDOWN

Mrs. Ireland Permits us to Publish this Letter for the Benefit of Others Who Are in Her Condition

Warsaw, Missouri.—"For five years I was weakly, nervous and in a run-down condition. Then I had a nervous breakdown and doctors said I would never be well again. After I took seven bottles of Lydia E. Pinkham's Vegetable Compound I was healthier, stronger, and felt better than I ever did in my life before. I can't praise the Compound enough and will recommend it to all women. You may publish this letter if you think it will help others."—Mrs. FLOYD IRELAND, R. R. 1, Warsaw, Missouri.

Nervous women are both ailing and wretched, and with a nervous breakdown all joy goes out of a woman's life. It is said that the ills peculiar to women act on the nerves like a firebrand.

Lydia E. Pinkham's Vegetable Compound is so successful in overcoming such conditions, a large number of American women who were once great sufferers from nerve troubles owe their present health and comfort to Lydia E. Pinkham's Vegetable Compound.

Write Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

## APPENDICITIS OPERATION AVOIDED BY INTERNAL BATHS.

Mr. J. W. Budge, Proctor Bldg. Lansing, Mich., writes to the Turrel Hygienic Institute:

"I was well on the road to the operating table for appendicitis and more alarming, was threatened with Bright's Disease when I procured the J. B. L. Cascade some two years ago.

"After the third bath I felt no more pain and the throbbing ceased entirely in a short time. After using it for 15 months I found myself in robust health once more."

The "J. B. L. Cascade" cleanses the lower intestines of its entire length and keeps it free of poisonous waste.

Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

Hudson Avenue Pharmacy, 322 Hudson Avenue, will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Turrel of New York, a noted specialist on Internal Bathing for 25 years in that City. Clip this out as a reminder to ask for the booklet at your first opportunity.

## DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

35c and 65c jars; hospital size \$3.00

## CHICHESTER'S PILLS

THE PLEASANT BRAND. Ladies! Ask your Druggist for Chichester's Pleasant Brand. Pills in Red and Gold metallic coating. Sold with Blue Coating. Take as directed. Buy of your Druggist. BOTTLED BY DR. J. C. CHICHESTER, 17-18 YEARS KNOWN AS BEST. Sold in New York City. SOLD BY DRUGGISTS EVERYWHERE.

## PILES TREATED BY NON-SURGICAL METHODS

Rectal diseases often develop into a Rectal Cancer. To delay treatment is dangerous. Don't continue to suffer—others have obtained absolute relief—so can you. Send for Free Booklet on Rectal Diseases. Dr. J. M. ROSS, 1601 1/2 N. High St., Columbus, Ohio. Please mention this paper.

## The "Chirurgeons"

By WILLIAM FALL

(© 1921, Western Newspaper Union)

F. Addison Blake whistled as he set down his lawyer's letter. Then he looked out of the windows of the dining hall of Fyles Abbey into the heart of an English countryside in June. Suddenly he turned in answer to his wife's inquiry.

"Muriel, dear," he said, "if I hadn't received this letter by this morning's post we should have lost our new home forever."

"How, dear?" inquired his pretty wife, startled.

"This way: You know Lord Tyneside, from whom we bought it, didn't appreciate having to sell a property which had been in his family for eight hundred years to an American whose father made his fortune packing pork. And you remember he was quite nasty to us. Well, he omitted to point to a very vital item in the title deed, which Barrett & Co. have just discovered in the nick of time. Fyles Abbey was granted to the first Lord Tyneside by Henry V, who, as you may remember, died from overeating. And, while nominally a gift, it was to be held, like many of these old castles, upon a curious condition, and to revert to the crown if ever this condition were not complied with. In brief, the owner has to present to his majesty every year, on the anniversary of the gift, ten surgeons. And the anniversary is next Thursday. And the king is in Scotland."

"Present ten surgeons!" exclaimed Muriel in amazement.

"Yes, my dear. The original deed is almost undecipherable, but the lawyers say there is no doubt that the word is surgeons, or as the spelling has it, 'chirurgeons.' I suppose King Henry used them to cure his indigestion, but I'm sure I don't know what King George will use them for. I guess he'll knight them and send them home."

They kept it out of the newspapers, but everybody in London was talking about the king's illness on Thursday afternoon, even before the train, bearing eleven gentlemen pledged to strictest secrecy, rolled into Balmoral station. Upon the platform stood the station master, with an army of newspaper men.

"Won't you let us know what is the matter with the king?" pleaded the youngest reporter ingeniously, as the puzzled medics looked around in bewilderment.

"Not a word!" exclaimed Mr. Blake angrily. "Gentlemen, this is all a mistake. There's nothing the matter with his majesty. This is purely a political visit."

"The king's playing golf on his links," piped up the inevitable small boy. "I saw him through the hedge."

"Then it'll be an operation," groaned the station master.

Blake and his surgeons started up the road.

At last they left the road, and, traversing a field, halted before a hedge of hawthorn, behind which could be seen a golf green, stretching away up to where Balmoral castle stood in the midst of its parks and woods. There the doctors, who had been in quiet consultation, halted.

"Mr. Blake," said the leader, a dignified, elderly gentleman, "before we go a step farther we must insist on knowing just why you have brought us to Balmoral, and what your authority is. We respectfully decline to approach through a gap in a hedge."

"I told you I would pay you fifty pounds apiece," shouted Blake angrily.

"My dear sir," said the eldest, in a smooth, professional voice, "if you will come back home, I am sure we can bring him to your bedside."

"My bedside? You think I'm crazy?" demanded Blake.

As he shouted something whizzed over his head, and two men came up to the hedge.

"Slipped, sir?" exclaimed one of the players. "It'll be in the long grass, I think."

"I want to see the king!" yelled Blake, as the players stopped.

"At your service, sir," answered the other, a short man with a pointed beard and prominent eyes. At the sight of him the doctors closed round Mr. Blake, attempting to pull him down.

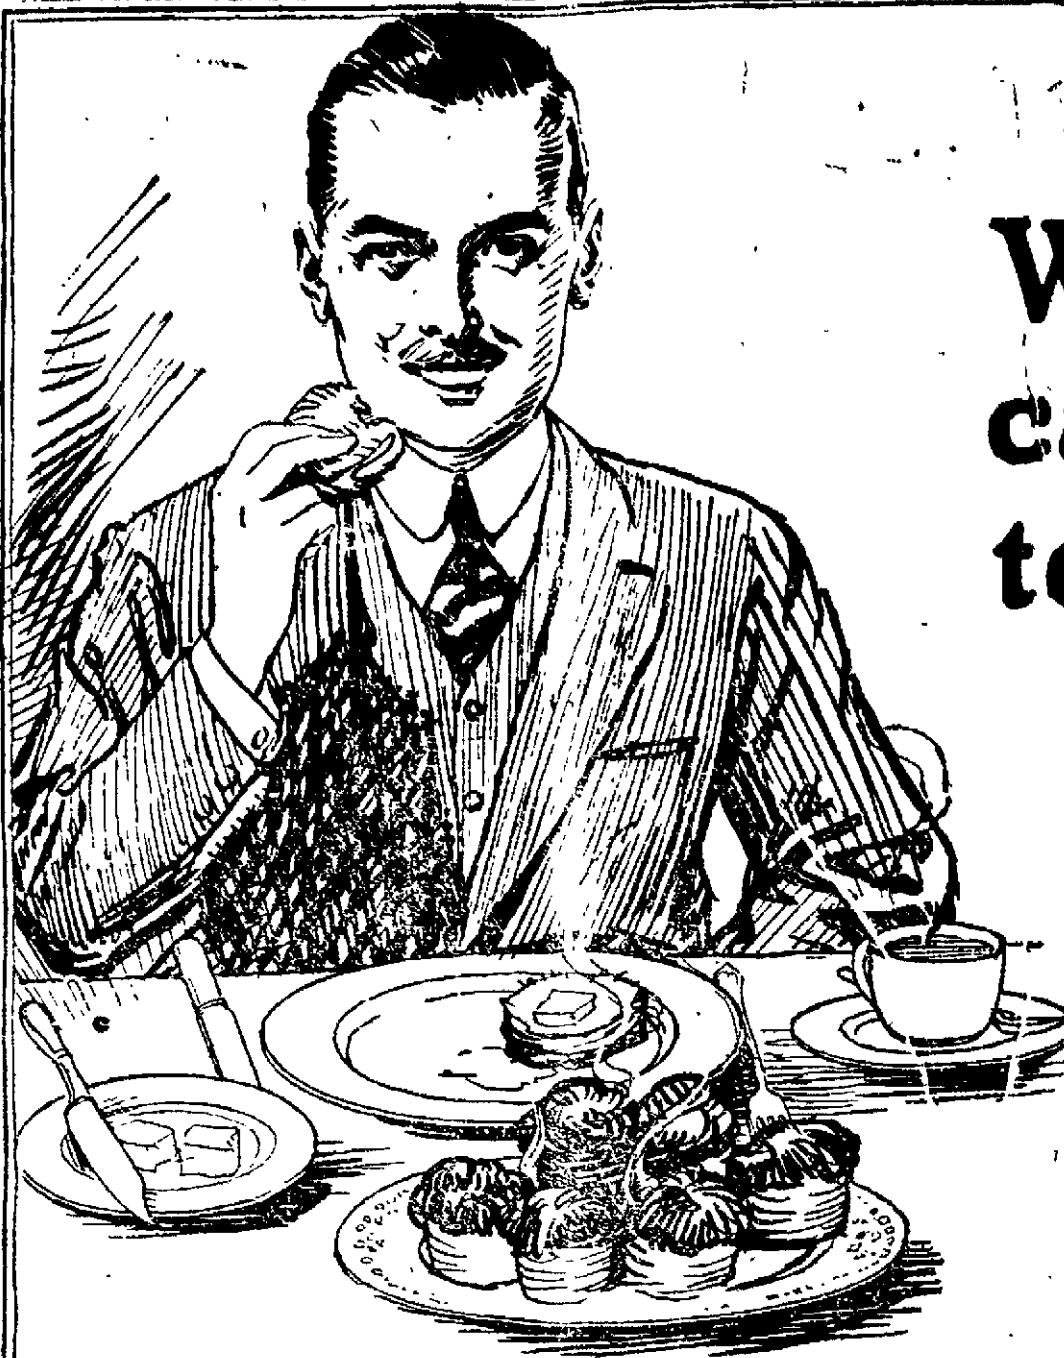

"Listen, your majesty," shouted the American. "I'm not crazy. I've bought Fyles Abbey, and I've brought ten surgeons to pay my yearly rental. It says so in the deed. It was Lord Tyneside's place. Don't I have to bring you ten surgeons?"

"Ah! Fyles Abbey! Very interesting. No, sir, you've misread your deed. It's surgeons, not surgeons; but as surgeons don't frequent English waters so much as they used to when the grant was made, the practice has become obsolete. Good morning, gentlemen."

## "Common Scold."

A common scold is defined as one who, by the practice of habitual scolding, disturbs the peace of the neighborhood. The common law took cognizance of the offense and resorted to various unpleasant devices as punishment for those convicted of it. Among the punishments were the stocks, the ducking stool and the brank (a form of bridle). The practice of punishing common scolds survives sporadically in the United States, in some of which it is recognized in the penal statutes, but the punishment has been changed to fine and imprisonment.

Mrs. John Ellis, age 97, the inventor of paper patterns, is living in Manchester, England.

## What butter can stand this test?

ONLY two kinds of butter-spreads will stand the hot food test. They are fresh creamery butter and Brednut.

Brednut gives the same satisfaction on hot buns as the freshest creamery butter because it has the same taste and texture and because it always is fresh. In fact, we challenge you to tell any difference between Brednut and the freshest creamery butter you can buy when the two are on the table.

Brednut never varies. This means that it always is good—always absolutely clean—always made the same way—always fresh. And because it is made of the choice white cream of the cocoanut, it costs less to make than dairy products. You may economize by using Brednut, yet you do not have to sacrifice any of the qualities you enjoy in fresh creamery butter.

Get a pound of Brednut from your dealer and try it according to the special test given with this advertisement.

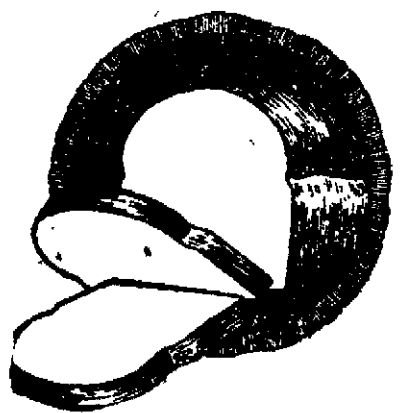

Your money back if Brednut does not satisfy you. Save the cartons. A pound of Brednut free for five empty cartons up to April 9th.

# BREDNUT

## THE NEW NUT BUTTER

## Attention Mothers and Fathers!

Robust and sturdy boys and girls—the result of this wonderful energy-producing food

HERE is a statement by an authority on nutrition that gives the reason why there are millions of Karo users all over the country. This expert says "Karo is one of the greatest of all energy-producing foods. It brings strength and energy to the boys and girls that need lots of strength and energy for studying and playing and growing."

### An important question! What is Dextrose?

You cannot live long without Dextrose. Most foods you eat—such as bread, starch, vegetables and all forms of sugar—have to be changed into Dextrose before your system can use them as energy foods.

Karo contains a large percentage of dextrose—a completely digested sugar.

So Karo may almost be said to be a predigested food. These are scientific facts, supported by the very highest medical and food authorities. Send for the free booklet mentioned below, and read all the facts. To have lots of energy, strength and endurance use plenty of Karo—on cakes or waffles, or as a delicious spread on bread. Many prefer it for stewing dried fruit and prunes. And it makes perfectly wonderful taffy, fudge and caramels.

**FREE** A booklet every parent should read. Tells all about the wonderful food value of Karo; explains the meaning of Dextrose and why children and adults benefit from it. Sent free with the beautifully illustrated Corn Products Cook Book of sixty-four pages. Write Corn Products Refining Company, Argo, Illinois.

### Your Protection

Do not be deceived by cheap imitations that might look like Karo. The name "Karo" is on every can of original Karo—look for it and be assured of full weight and highest quality.

#### BLUE Karo

The standard table syrup. Also for cooking, baking and candy making. Light brown color, delicious flavor—a heavy-bodied syrup.

#### RED Karo

The Ideal Syrup for every use—for cooking, baking, candy making and preserving. Because of its honey-like appearance many prefer it as a spread for cakes, biscuits, breads.

#### GREEN Karo

Flavored with highest grade real maple sugar. Very moderate in price—absolutely pure. The makers of Karo are the world's largest users of the highest grade maple sugar—over a thousand tons used annually.

802 Swedeland Bldg., Cleveland

edy, travesty spectacle and specialties, and a lot of delightful surprises and gorgeous costumes and color effects that come crowding upon the other and comprise an entertainment whose like has never before been seen in a theater. "The Century Whirl" is different from any other theatrical offering. It has been called a "super-revue." It is better than a revue. It is novel and unique. It has all the best elements of a revue and lot more. Mail orders now. Seats Wednesday.

### OHIO SOLDIERS IN ACTION

#### SHOWN IN WORLD FILM WAR

Thrilling scenes of actual warfare, many of them dealing with our boys right here in Ohio, which includes large numbers of Newark and vicinity boys will be shown at the Auditorium theater for three days starting tonight. The U. S. Government official war pictures were filmed by the Signal Corps photographers of the U. S. Army and are part of the government's official record of America's participation in the war.

They include several reels of actual fighting and large sections of the film were made by the photographers who went with the fighting men and were exposed to their dangers.

In making up the film for Ohio the work of Ohio units has been given preference. Every scene is labeled with the date and the designation of the unit pictured so the men who had friends and relatives in service or persons who had friends and relatives in the fight will be able to pick out instantly the scenes in which they have particular personal interest.

Several charges are pictured and the men in the trenches are shown in desperate rifle and machine gun engagements. Closeups are numerous.

One of the most interesting scenes shows the destruction of an American observation balloon by a German plane, escape of the observer in his parachute and the capture of the German pilot when his plane is brought down by anti-aircraft guns. A raid led by Quentin Roosevelt and a trip with Eddie Rickenbacker as the pilot are other incidents of interest.

The picture is arranged in chronological order and starts with the departure from America follows the Ohio troops through all their engagements and finishes with the final review of the Rainbow Division in Germany.

An added feature is the Gecowff Photoplay "Madame X" in which Pauline Frederick is the star.

### ETHEL CLAYTON IN "THE YOUNG MRS. WINTHROP"

The Alhambra brings to town for three days starting tonight, clever Ethel Clayton, who is seen in Bronson Howard's most delightful story "The Young Mrs. Winthrop." The story being as follows:

The Winthrops, a young married couple, have been drifting apart. Constance, the wife (Ethel Clayton), likes jazz parties, while Douglas, her husband is absorbed in business and has no time for pleasure. Rosie, their five-year-old daughter, whom both adore, is the only tie that binds them. One day they decide to make up. Douglas is to devote more time to his family and Constance to abandon the party she had planned for that evening. Some time before Constance had seen her husband with a Miss Dunbar, a widow of shady reputation. It was purely business, he had assured her and she had taken his word for it.

Now Mrs. Dunbar plans revenge on Mrs. Winthrop by seducing her daughter. She overhears Constance's plan and regrets for the party. Then the widow induces her maid to take a call to Winthrop, pretending she is his wife, and telling him not to come home as she has changed her mind about the party and is going. Winthrop is deeply hurt and in his anger accepts Mrs. Dunbar's invitation to call. Constance sees him there. Thinking she has been deceived by him, she rushes off to the party. That evening Rosie takes sick. Winthrop comes home and finds her there. When Constance arrives home, the child has died. This drives husband and wife further apart. Two months later they are on the verge of a formal separation, when the lawyer, an old friend, plays skillfully upon their feelings and brings them together.

### SOUTH NEWARK TEAM WINS FROM OKLAHOMA

South End won their game in basketball against the Oklahoma squad Saturday at the Y. M. C. A. gym. South led in both halves of the game which was close and scrappy to the finish. McIntosh and Dollar did the heavy scoring for the South Enders while Chapman alone scored all the points for the Oklahoma crew. The final score was 15 to 10.

Following the game the teams enjoyed the shower baths and a swim in the tank.

### M. E. TEAM DEFEATED

The M. E. Whirlwinds defeated by the U. B. Hustlers Saturday night at Hickey hall. The game was fast at all times, each side not staying ahead very long, but at the end of the first half the score stood 19 to 18 in favor of the Whirlwinds. During the second half the Hustlers lead until about the last five minutes of play when at this time the Hustlers got busy and took the game by one point. Final score M. E. 27, U. B. 28. B. Key was the star for the Whirlwinds while Webb and Ruton made the most points for the Hustlers.

### TONIGHT'S ATTRACTIONS.

Auditorium—U. S. War Pictures and Pauline Frederick in "Madame X." Alhambra—Ethel Clayton in "Young Mrs. Winthrop."

Grand—"A Light Woman." Lyric—Samuel Lewis & Co. Gem—Jane Novak and Jack Livingston in "The Golden Trail."

### ROBERT BROWNING ON "THE SILVER STREET"

Robert Browning is the last of the great writers whose work contributes to the silver street, and in "A Light Woman" which is announced as the attraction at the Grand theater today and tomorrow a very unusual drama will be presented. The American Film company by special arrangements with Houghton Mifflin company, publishers, secured the right to reproduce this literary poem from the pen of one of the greatest of our modern English poets.

As the poem left the hands of its great author it was a masterpiece, and the screen version is said to be a production well worthy of the material from which it is taken. A father who is a rival in the love affair of the son to whom he is devoted, a mother who forwards a most unusual scheme to save the son whom she idolizes even to the extent of risking her husband to the wiles of a dangerous young woman—these are a few of the high points in

this story by Browning which is making a furore all over the country among moving picture patrons. Charles Gray, Claire DuBrey, Helen Jerome Eddy and Hallam Cooley carry the important roles in this super drama and each one has a big part. George L. Cox not only handled the megaphone but, with the assistance of Sidney Algie, wrote the scenario for it.

### "CENTURY MIDNIGHT WHIRL"

#### AT AUDITORIUM FRIDAY

Everybody enjoys seeing pretty girls in whirling and graceful dances. None so stolid and indifferent as not to awaken to merry comedy. All the world admires handsome costumes and beautiful color—and who will confess that swinging music is without appeal? When these elements are combined, none can resist their fascination and all are provided with super lavishness in the "Century Midnight Whirl," the celebrated Century Roof entertainment that John Henry Mears will present at the Auditorium on next Friday night.

There are more pretty girls in the "Century Midnight Whirl" than ever before collected in one group. They are so unusually attractive that in the three years they were on the Century Roof in New York they won the name of the "Millionaires' Chorus." This because of the admiration they received from Gotham's smart set.

Picked girls, these, and every one has some distinguishing gift apart from beauty, either as singer, dancer or comedienne. The "Millionaires' Chorus" is a greater attraction than any one dozen exploited features combined that could be chosen from other entertainments.

But the "Millionaires' Chorus" is only one of the many features of the "Century Midnight Whirl." There are meriment and melody and dancing, com

Channel street announce the birth of a  
son, Paul Franklin on March 14. Mr.  
Deeny is a member of the firm of the  
Newark Cycle and Supply company, 23  
West Main street.

**DAUGHTER OF EMBASSY  
IS SAFE IN GERMANY**

The Hague.—Word has reached one  
of the secretaries of the American lega-  
tion here that Vera Messer, the golden-  
haired Russian girl of 16, who was  
"Daughter of the Embassy" when the  
American embassy in Russia was lo-  
cated in Bolshevik-infested Volodga, is  
alive and safe in Germany.

To the Allied diplomats who left  
Volodga in July 1918, going hastily to  
Archangel, the fate of this very beau-  
tiful Russian girl has been, until now,  
one of the unsolved Russian mysteries.

Daughter of a Russian general, Vera  
was brought to the first reception giv-  
ing by Ambassador David R. Francis at  
Volodga. After that she ran into the  
embassy daily, playing the piano and  
singing and furnishing the only bright  
moments during the long and troubled  
corps was constantly engaged in  
wearying struggles to maintain itself  
in the Bolshevik city. She became  
practically the hostess at the Embassy.  
Ambassador Francis treating her as a  
daughter.

When the Allied diplomatic train pulled  
out of Volodga for Archangel in July  
1918, and it was impossible for Vera  
to go with her friends, she clung tear-  
fully to the rails of the American car.

Knowing that many of the "aristo-  
crats" and "bourgeois" of Volodga had  
been massacred by the Bolsheviks a few  
weeks after the ambassadors left,  
friends of the girl had given her up  
for lost. According to the advice just  
received, both she and her parents es-  
caped and made their way to relatives  
in Germany.

**WOMAN KICKS WHEN  
SQUIRRELS INVADE HOME**

Columbus, March 21.—A squirrel in a  
tree is all right, but as a household pet is  
not to be considered, is the complaint  
in a suburb near East Side woman made  
to A. C. Baxter, chief of the state  
bureau of fish and game.

She told Baxter that squirrels from  
the statehouse yard have invaded her  
attic, and apparently think they've  
found a nice home. She has tried to shoo  
them away, but they won't go, the wom-  
an asserted. She declared they were  
damaging her rugs.

Baxter detailed an officer to investi-  
gate.

**WIRE BRIEFS**

Washington: Former secretary to  
President Wilson, Tumulty, and Repre-  
sentative Perkins of New Jersey  
form law partnership.

Batum, Georgia: Turks evacuate Ba-  
tum and Georgians establish Soviet  
government.

Boston: X-ray examination reveals  
fractured bone in hand of Johnny Wil-  
son and makes necessary postponement  
of his scheduled match on March 28 with  
Jack Britton.

Constantinople: Turks place guns at  
both ends of Bosphorus as defense  
against Bolsheviks.

Port Clinton: Strike of lake fishermen  
settled when men returned to work at  
1919 rate—one dollar per day less than  
demanded.

Jackson, Ky.: Goebel Clemons shot  
and fatally wounded at work camp near  
here while attempting to escape from  
deputy sheriff.

Massillon: Preachers appeal from pul-  
pits for supplies for 400 Massillon fami-  
lies said to be destitute because of an  
unemployment.

Stockholm: Numerous military and  
civil revolutionary leaders were cap-  
tured in fall of Kronstadt to Soviet  
troops, executed at order of Trotsky,  
according to refugees.

Dublin: Eleven members of crown  
forces killed and 11 wounded in dis-  
order over week-end, according to official  
reports.

Washington: Anti-Saloon league pre-  
pared to fight until ruling of former At-  
torney General Palmer that beer may  
be prescribed as medicine, is overruled,  
officials of league say.

Hattiesburg, Miss.: Arthur Jenkins,  
negro, accused of murdering another  
negro, taken from county jail and  
lynched.

Geneva: Preacher whose heart stop-  
ped beating for 14 hours and who was  
officially declared dead, awoke amid  
funeral preparations.

**DENISON HAS TWO  
GAMES WITH WESLEYAN**

Delaware, O., March 21.—Ohio Wes-  
leyan has one of the best baseball  
schedules for some years, it is believed  
by Athletic Director Harry W. Ewing.  
An eastern trip has been arranged  
which will include games with Cornell,  
Syracuse and Colgate.

Duzz Wetzel, manager of the Lon-  
don, Ont., will bring thirty players here  
April 4 for spring training on the Ohio  
Wesleyan diamond. The London Club  
is in the Michigan-Ontario League.

Wesleyan's schedule follows:

April 9—Ohio State at Columbus.  
April 16—Wooster at Delaware.  
April 23—Oberlin at Delaware.  
April 29—Miami at Oxford.  
April 30—Cincinnati at Cincinnati.  
May 7—Cincinnati at Delaware.  
May 14—Denison at Granville.  
May 18—Denison at Delaware.  
May 20—Ohio State at Delaware.  
May 23—Western Reserve at Cleve-  
land.

May 24—Cornell at Ithaca, N. Y.  
May 27—Syracuse at Syracuse, N. Y.  
May 28—Colgate at Hamilton.  
May 29—Open.  
June 4—Akron at Delaware.

**FARM MEETINGS ARE  
SCHEDULED THIS WEEK**

A number of meetings are schedul-  
ed by the Farm Bureau for this week.  
This evening at 7:30 o'clock, Newark  
township will meet at the Newark farm  
bureau at 7:30 o'clock. Tuesday after-  
noon at 1 o'clock Newark township will  
meet and start on a tour from the local  
Farm Bureau to the Kinkerside  
hatchery.

A half day meeting of the Farm Bu-  
reau will be held at Purdy Wednesday  
afternoon at 1 o'clock and at Jackson-  
town Wednesday evening at 7:30  
o'clock. There will be a spraying de-  
monstration at the Slough sisters in  
Harrison township. Thursday after-  
noon at 1 o'clock. A meeting will be  
held at 7:30 o'clock Thursday evening  
in Mary Ann township. At this meet-  
ing Mr. Porter will give an illustrated  
lecture on corn. Club work will also  
be completed at that time.

There will be a meeting in Madison  
township Friday evening at 7:30 o'clock  
and at the local Farm Bureau Satur-  
day afternoon at 1 o'clock for Poland  
China breeders. Saturday evening  
there will be a meeting at Johnstown.

**OHIO STATE TOURNEY  
IS NOT TITLE SERIES**

Columbus, O., March 21.—The false  
impression that Ohio State University  
at its tourney March 18 and 19, is  
endeavoring to usurp the glory of the  
annual championship meeting held at  
Ohio Wesleyan University, has been  
cleared up by an official statement  
issued by the committee in charge of  
the tourney.

In this statement, the committee de-  
clares "the Ohio State tournament is  
purely and distinctly an invitation af-  
fair and no effort is being made to  
make the coming event of champion-  
ship caliber." The statement conclud-  
ed by stating that the purpose of the  
tournament is, to arouse a spirit of  
competition among a few of the out-  
standing teams of the state and to give  
those invited a chance to inspect the state  
university.

Owing to the misunderstanding, there  
has been some contention among the  
various high school basketball coaches  
throughout the state regarding the af-  
fair.

**NAVAL VETERAN DIES;  
WAS ILL TWO WEEKS**

Paul Alvin Harner, aged 23 years, ex-  
seaman, died Sunday evening at 7:30  
o'clock in the home, 50 Riley street.  
Death followed a two weeks illness of  
pneumonia.

He was born June 7, 1897, in Ohio  
and was the son of Jacob Harner. He  
served 17 months in the navy as a sea-  
man and was aboard the mine sweeper  
U. S. S. Gorgonia.

Recently he was employed at the Au-  
ditorium theater as a stage hand.

His parents are deceased. Four  
brothers survive: Charles of Louis-  
berg, Tennessee; George of Chicago,  
Illinois; and Herbert of the home.

Funeral arrangements have not been  
made.

**ALL STAR GAME A  
POST SEASON ATTRACTION**

There is some talk of arranging a pro-  
gram of all-star games in the closed  
church basketball league. These games  
like the others are to be played in the  
Y gymnasium. The idea is to keep the  
two leaders in shape for the inter-league  
championship early next month. As  
soon as the all stars are chosen an-  
nouncement of the players will be made  
and the games scheduled.

The banquet for the Y Church league  
is an event for this coming Thursday  
night in the Y. M. C. A. dining room.  
Already all the plans are sold and a  
good time is expected.

## NECKTIE HALTED A ROMANCE

Lovers Who Had Been Apart for Forty Years Made Up When Man Wore Woman's Present.

Forty years ago John Emmons and Charity Timmons of Bishopville, Del., were twenty years old and sweethearts. With her own hands Miss Timmons made a necktie as a gift for her young gallant. The evening of the day he received it Emmons put it on. He didn't like the colors and replaced it.

As usual, he visited Miss Timmons that evening, according to a Selbyville (Del.) dispatch to the Philadelphia Ledger. It was a nice summer night. The moon revealed that he was not wearing love's token and Miss Timmons demanded the reason.

"It's too loud," replied the youth. "Do you mean you will never wear it? Then you don't love me," sobbed the girl, and she went into the house. That apparently was the end of the romance. Emmons went to Portland, Ore., and prospered. As the owner of a big department store in the far Northwestern city, he returned to Bishopville last Christmas for a visit.

It was inevitable that he should meet his former sweetheart in the village. Soon each learned that the old love would not die; that each had considered the other the only mate and that neither had married.

Of course, Emmons proposed. Miss Timmons did not refuse him, but she bought a tie as nearly like the one that started all the trouble as she could find. Then, when he wore it without flinching, she coyly murmured "yes." And so they were married the other evening.

**PREPARING TURF FOR FUEL**  
New Method, Said to Have Originated in Russia, May Result in Relieving Shortage.

A new method of drying turf to relieve the serious fuel shortage in Finland has been put in operation in various Scandinavian countries. The new method was invented by engineers working under orders from the Russian soviet government, to find a more labor-saving method of preparing turf as fuel for the great central power station near Moscow, the process being made known in Finland through an escaping engineer. The fundamental principle of the process is quite simple. The raw turf in the swamp, by a powerful jet of water under a pressure of 20 atmospheres, is freed from all old roots and changed to thin mud. This is pumped out on a drying field and spread in layers. When sufficiently dry it is cut into bricks of uniform size by means of a tractor. The turf pump is constructed like an ordinary water turbine, is reversible with aid of electric motor, is equipped with a cutting apparatus which completes the work of the water jet, and can be raised or lowered as the surface of the mud varies. The entire equipment is mounted on a car which can be pushed forward or backward on rails along the line of work.—Scientific American.

**Convicted by the Bible.**  
Law founded on the Bible is good enough for Mayor Gilmore of Morgan-town, W. Va.

## EVERY DAY BRINGS EASTER ONE DAY NEARER

HAVE you stopped to think that you have only this week in which to get your new

**SUIT  
COAT  
DRESS  
SEPARATE SKIRT  
WAIST  
GLOVES**

or any of the numerous little articles, such as hosiery, neckwear, ribbons or jewelry.

**IF IT'S A SUIT, COAT OR DRESS  
IT WILL PROBABLY REQUIRE  
SOME ALTERATION.**

And if you leave your selections until late in the week, we may be unable in the last rush to get it out for you, so we especially urge you to  
**SELECT YOUR NEW EASTER GARMENT  
TUESDAY OR WEDNESDAY.**

## New Blouses In Gala Effects

A radiant sweep of coloring announces the spring blouse displays. New shades are fascinating—soft fabrics retain their hold on public favor, and the overblouse style has Fashion's sanction for this season.

## Easter Gloves Should Be Selected Early This Year

Stocks are now complete in all colors and sizes. Many attractive novelty gloves in choice shades are shown now, which may be closed out before the end of the week.

**A FINE KID GLOVE AT \$2.95.**

One of the splendid Perrin gloves. A two clasp glove in shades of mode, tan, grey, white and black, all shown with fancy stitching in contrasting shades.

**F. W. H. Mares Company**

## Fortune Favors But Few---

Fortune favors but few because but few take advantage of OPPORTUNITY. Opportunity is the advance agent of fortune and may knock once at your door and only once in a lifetime. The Metropolitan Petroleum Company of Montana has 1,000 acres of carefully selected oil lands in four of the best geological structures in Montana which carries 87 1/2 per cent royalty for its stockholders. It has one tract astride the great Cat Creek anticline where large production is practically assured. It is presenting you an opportunity, and offering you for a few more days only its stock at 50 cents per share. On April 15th its shares of stock will be \$1.00 each. On May 1st, when the books close, you cannot buy it at any price.

Our rig builders are in the field. The time is getting short in which to act. If you intend to buy, you must buy soon. We already number some well known Newark people among our shareholders. No stock will be offered for sale after May 1 and no stock will be offered at 50 cents after April 15. In remitting for shares or for further information address,

## SORE THROAT QUICKLY RELIEVED

Gargle or Spray With Hydrosol Stops Inflammation Almost Immediately and Soreness Vanishes.

Local physicians and nose and throat specialists have been using Hydrosol for relief of all forms of sore throat for years, and they have found it more satisfactory than anything they have ever used to furnish practically instant relief according to their own statements. Hydrosol is put up in convenient form for home use and with full directions for the treatment of sore throat, tonsillitis, etc., and is sold and recommended by R. W. Smith, W. A. Erman Arcade Drug Store, T. J. Evans, Mykranitz Drug Store and most other druggists, in the popular 25c and 50c size. We will send a sample bottle of Hydrosol for 10 cents in stamps to cover the cost of postage and packing. Just to show you what wonderful relief it will give in your own case. Address 5415 Hydrosol Laboratories, Cincinnati, Ohio.

## NO REASON TO REGRET THIS EXPERIENCE

Health greatly improved by taking Drecto, the herbal remedy.

"Since taking Drecto my health is greatly improved. Food digests properly, bowels act regularly, sleep is sound and appetite fine," said Mr. M. Duke of 445 Groveland St., Dayton, O. As a rebuilder of a rundown system Drecto is unexcelled. This wonderful remedy is made from extracts of herbs gathered from many parts of the world, combined with great care and skill to produce the best remedy for stomach disorders, sluggish liver, weak kidneys and to purify the blood. Sold by all druggists and specially introduced here by Evans' Cut Rate Drug Store.

## EACH DIRECTOR

Of Our Building and Loan Feels a Personal Pride in Its Success.

1. Our splendid record.
2. Is largely due to the guidance of our directors.
3. Men of character, courage and business experience.
4. They insist upon observance
5. Of the same conservatism
6. That has guided us from the beginning.
7. The Buckeye State Building & Loan Co., Rankin Bldg., 22 West Gay St., Columbus, O.
8. A safe place for your money.

## UPPER SILESIA IS RICH STATE

Is Source of Much of Germany's Raw Materials and She Wants to Keep It.

Berlin, Upper Silesia, where 2,500,000 Germans and Poles voted in a plebiscite on Sunday, March 20, to determine whether that province shall remain German or be annexed to Poland, is a rich state. The two nationalities are contending for a territory about 5,000 square miles in area or approximately the size of Connecticut. In one year 30,000,000 tons of coal were mined in Upper Silesia and besides, it has vast deposits of iron, zinc and lead.

The dispute over its possession which results from the clause in the Versailles Treaty providing for the plebiscite has made Upper Silesia one of the storm centers of Europe. The situation there for many months has been tense with both sides heavily armed and the possibility of civil war always present. The Inter Allied Council of Ambassadors repeatedly postponed the election which even now seems fraught with grave possibilities.

The loss of Upper Silesia would be a serious blow to the industrial strength of Germany.

"It would be impossible to carry on the war except for the resources of Upper Silesia," declared the German Chancellor, Von Bethmann-Hollweg, in 1917. Assertion that without Silesia's natural resources, Germany would not be able to redeem her treaty pledges or to work out her own reconstruction was emphasized before the Allied Reparations Commission in London on March 1.

The Germans, since 1740 when Fred-

erick the Great wrested the country from Poland, have developed the country into one of the greatest mining and industrial districts of Europe. Germany, it is claimed, cannot live without its coal. Poland, stricken and devastated looks to Upper Silesia to save her economic life and make her a real nation. Hence the bitterness of the present struggle.

Antagonism between the two peoples is also said to have been intensified by the fact that the large landowners and manufacturers in the disputed region are mainly German while the Poles, for the most part, are workmen and small farmers. Numerically, the population is 57 percent Polish, 10 percent German and 33 percent other nationalities.

An American relief worker in Upper Silesia said of the controversy: "Both sides are fighting to win and large amounts of money have been poured into the country for propaganda purposes to keep the plebiscite as a referendum and create enmities among a people who wish to live in peace. The population is nearly equally divided between the two races and the German and Poles would have about as much influence as the Mexicans would have in a plebiscite in Arizona were it not for other considerations."

Among these other considerations was the decision of the Supreme Council at Versailles, the plebiscite within 18 months of the establishment of the Inter Allied Commission. This commission took over control of the region on February 1, 1920. Since then there have been frequent clashes between the rival nationalities.

The Poles have charged that while the French forces have been sympathetic toward them, the British and Italian officers have pursued another course, some scenes of aristocratic families, for social reasons living on friendly terms with the wealthy German landowners and industrial leaders. The post-office, railroad and police authorities also were allowed

to remain German and this is regarded as another handicap.

"The greatest wrong," claimed to have been suffered by the Poles, however, is the fact that the Inter Allied Commission has permitted the existence of the German "Sicherheitswehr," a military organization recruited throughout Germany and which is charged with oppression and provoking riotous outbreaks. The Germans also are accused of trying to terrorize the Poles.

Upper Silesia is bounded on the East by Poland, on the South by Czechoslovakia and on the West by Germany.

### Twenty-Five Years Ago

(From Advocate, March 21, 1896.)

Mrs. W. W. Neil entertained with a dinner party Monday evening in honor of Mr. and Mrs. Hinkley of Portland, Maine.

Deputy Auditor A. R. Pitzer was in Hartford Tuesday doing some surveying for the village.

Charles Green will give an organ recital at the Second Presbyterian church April 7.

## ROTES TO URGE SEVEN HOSPITALS

Convention Wants Ohio to Take Active Part In Helping Crippled Children in State.

Cleveland, O., March 21.—Ohio Rotarians, who meet here tomorrow in annual convention, will champion the cause of crippled children of the state, as one of their main orders of business. The convention, which will last through Tuesday, is of the sixth district of the International association which comprises the entire state of Ohio.

The Rotarians will take action favoring legislation for the construction and maintenance of seven hospitals located advantageously throughout the state and to be devoted exclusively to the treatment of crippled children.

More than 100 members of the order are expected to attend sessions, which will be held at the Masonic Auditorium. Rotary Clubs will be represented by their entire members. It is said the district convention is the only Rotary convention in the United States this year. The International meeting will be held at Edinburgh, Scotland.

According to Sam H. Sore, Ellyria, the chief business of the convention will be that of championing the cause of the crippled children of the state.

There are from 12,000 to 15,000 crippled children in Ohio with but one small hospital devoted exclusively to their care," he declared. Sixty percent of them, if treated between the ages of four and fourteen years may be made self supporting in life.

Squire said the Rotarians would appoint a committee of the best legal talent represent in the order to draft a

bill to be presented to the state legislature, seeking the establishment of hospitals to be devoted exclusively to the treatment and education of these children.

Among the speakers will be Judge W. L. Huggins of Topeka, Kansas, who presides over the state industrial relations court. He will talk at 3 p. m. Tuesday on "Fundamentals of Democracy."

The election of a new district governor and the selection of the 1922 meeting place also is scheduled for Tuesday.

## ORIGIN OF FLU IS STILL A MYSTERY

London.—To the report issued by the Ministry of Health on the epidemic of influenza, of 1918-1919 it is stated that the cause of the disease is a problem "still unsolved."

The report is the result of what is described as the "first extensive study of the great and devastating scourge that swept Europe and Asia and, during the space of a few months, claimed a larger number of victims than fell during the whole of the European war."

It is stated that the immediate outlook is not such as to inspire confidence. "Until a universal improvement in the standard of comfort and the conditions of life is secured there will be no prospect of actively mitigating the incidence of the deadly disease. Other diseases have been brought under control; influenza still eludes us," the health ministry admits.

Life in Three Words.

"Stop, look, listen!"

The reflective man stooped to read the railroad warning.

"Those three words illustrate the whole scheme of life," said he.

"How?"

"You see a pretty girl; you stop; you look; after you marry her you listen."

—The Ladies' Home Journal.

## 8000 KIWANIS AT CONVENTION

Cleveland Prepares to Entertain Big Crowd of Delegates at International Meeting June 21-25.

Cleveland, March 21.—Eight thousand delegates and visitors, from all parts of the United States and Canada are expected to attend the International Kiwanis club convention to be held here June 21-25.

The organization, composed of business and professional men in almost 500 cities of the United States and Canada, plans to make the Cleveland convention the biggest affair ever held by it. Committees headed by G. J. Provo, of the Cleveland Kiwanis club, already are at work preparing for the reception and entertainment of the convention visitors.

Clubs in Canada possibly will join in sending their convention delegates and visitors to the convention in one big delegation.

All hotel registrations must be made during the month of April.

Because of the size of the convention and the number of visitors expected, the International Kiwanis club will open convention headquarters here on April 1.

## NEW OIL TERRITORY NEAR MT. VERNON

Great activity prevailed in Mt. Vernon Friday among the people interested in the development of the oil and gas business, over the discovery made Sunday, March 13, of a fine grade of oil running about the pipe of one of the Logan company's gas wells, just east of Gambier.

Visitors from Mt. Vernon to the field Thursday saw scores of people around watching it in wonder. Many were gathering the crude oil in bottles and buckets and doing everything possible to save the precious fluid.

It was reported during the week that one party rigged up a small pump and filled some twenty barrels of oil by this means just from the seeping at the side of the gas pipe. Examination made by experts revealed that the oil is either of the Pennsylvania or Corning grade and therefore is the best that can be found.

The Verno Oil and Gas company of Mt. Vernon recently organized, owns a fifty acre lease located right in line with this find on the Logan property and only a few yards distant. The stockholders of the new concern can hardly wait until the company begins active drilling. There seems to be every indication of success.

Mr. Watson of Johnstown, an oil man of note and one of the visitors Thursday to the field, leased a farm next to the Logan company property and it is reported he will commence drilling in a few weeks.

It is thought among the oil men of the community that this seepage was started by the shooting recently of the Wineland gas well about one-half a mile south of this location.

## ARMENIAN MONEY IS OF VERY LITTLE VALUE

"If you want to buy a dollar's worth of anything in Armenia, you have to count out 200 notes each the size of an American bill, and each nominally worth \$50," says G. H. Kuntz, of Syracuse, who has just returned from a year's work in Transcaucasia for the Near East Relief.

"Money is worthless in Armenia today," declares Mr. Kuntz. "not because you cannot buy things with it, but because you cannot carry it around. It takes 200,000 Armenian roubles to make a dollar. Between three and five million roubles must be paid for a pair of shoes—and it takes an ox-cart to haul the money."

The Transcaucasian roubles, which were issued by the Transcaucasian Federation in 1918 are more reasonable. They are 5,000 to the dollar. Even Bolshevik money is found there at a much better rate of exchange than the local issues. It is printed on very poor paper and in nearly every language in the world. The English legend refers to the Bolsheviks as "Industrial Workers of the World."

"Wages are still very low on account of the hundreds of thousands of refugees who will work for almost nothing. You can get a good cook for \$1 a month—and keep. It's the 'keep' that counts. There has been a complete industrial breakdown. Although thousands of people are willing to work there is no one to pay them. The destitution is beyond belief and they are ready for anything which will bring a change from the conditions they have known the last few years—Bolshevism, anarchy, anything that promises hope."

The Bolsheviks have not interfered with the American relief work as conducted by the Near East Relief. They do not dare meddle with an organization which they all know is responsible for keeping the children alive."

## MT. GILEAD JUDGE HOLDS COURT HERE

Judge Charles H. Wood of Mt. Gilead arrived and will preside at an assignment of civil cases for four weeks in common pleas court No. 2.

In the case of the Newark Consumers Gas company vs. the Advance Glass company the court heard arguments of counsel upon a demurrer filed to the answer and took the case under advisement. The gas company sues to recover upon a contract for the sale of natural gas delivered by it to the glass company.

Judge Wood made an assignment of civil cases on Monday afternoon for hearing during his stay here.

## ESCAPED PRISONER IS LANDED IN REFORMATORY

Deputy Sheriff A. E. Moore of Belmont county arrived here this morning and took charge of John Anderson, 20, who escaped from Deputy Lohr Friday morning at St. Louisville. Anderson was being taken to Mansfield to serve a sentence on a charge of burglary. Deputy Moore took his prisoner to Mansfield from here.

Anderson was captured Saturday morning near the Brister farm north of town by Chief of Police Sheridan and held here for the Belmont county authorities.

# This is the First Day of Spring

Today, March 21st, is the first day of Spring—the day that everybody has agreed upon as the time when "business will open up." Business is here. It starts from now. It should be greater every day.

Industry is awakening. On all sides you see the evidences of this. In every newspaper you read of resumption of work.

Back to normal! It is a cheering thought. Employer, employee, dealer and customer are glad of it.

Out in the country the crops are being put in as of old. Mother Nature never takes a vacation. She is swinging into her spring work, making the seeds sprout and the crops grow. The food of the world is going to be produced. The foundation of all prosperity exists as it always did.

Business is here. It is ready at your hand. It is not something to be waited for, not something to be wished for. It is.

The first day of spring is a splendid starting point. Winter, with all its handicaps and disappointments, is behind, and can be forgotten. Ahead of us all are days that grow better and better, days when work will

count more and more, when mutual understanding and helpfulness will bring their lasting benefits. The roads are getting better, the shops are showing the new things, people are putting money into circulation. Your dollar, paid out for a necessity, does not stop working. It keeps going on and on—increasing the volume of business.

"Good times" are coming back with the sunshine and the flowers, with the humming of machinery and the song of the whistles. The hour for moping and complaining has gone; the time for hustling and prospering is with us.

In the automotive industry the news is encouraging. Passenger car and truck manufacturers are welcoming the first day of spring with increased activities to satisfy the coming demand.

And here in the Goodrich plant the opening of spring finds us ready to serve our old and new customers through the Goodrich dealers in the efficient manner that has characterized our organization for fifty years.

It is the first day of spring—the dawn of the good business era for us all.
